

RISE! TAKE PART IN SOME BIG ART!

Think about what you would change to make the world a better and fairer place for everyone.

In this outline write words, sentences or draw pictures to show what you want to protest about. It could be things you are worried/scared/angry about that effect your life, your friends, your school, community, or the wider world.

When you feel you have your ideas worked out, begin to make your piece of artwork for your mass participation artwork...

Rise!
